

CODCA FLEX PATHWAY

Class Flex is designed for students that learn best when they can flex between attending live classes and working more independently without exact class times

Qualifying Criteria and Expectations:

- Students must maintain passing grades.
- Students must complete STAR and in course assessments in class as requested by teacher.
- Students need to meet growth requirements (where applicable) on previous STAR assessments for reading and math
- Student must complete assignments and projects on time.
- If the assignment includes group or peer work, the student needs to attend class or work with teacher on method to complete group portion of assignment.
- Student will be in weekly communication with teacher and will meet with when needed, either in a class, by email or in a meeting to check in and ask questions as needed.
